**(U) Vessels Fired Upon/Attempted Boardings:**

**(U) SOMALIA:** Container ship fired upon on 05 January near position 0307N 05152E, approximately 400 nm east northeast of Mogadishu, Somalia. The attack consisted of six pirates; they chased and fired automatic weapons and RPG at the vessel. The vessel raised alarm, crew mustered in citadel and armed security team fired warning shots. The pirates aborted the attack and moved away. A warship and naval helicopter were dispatched towards the vessel; the crew and vessel are safe. (IMB)

**(U) Other Activity:**

**1. (U) RED SEA:** Gas carrier ship underway experienced suspicious incident on 8 January near position 1240N 04316E, in Bab El Mandeb, Red Sea. The activity consisted of two skiffs, with five to six persons in each skiff traveling at 14 knots. The master raised alarm, anti-piracy measures initiated, distress message was transmitted and the armed security team fired a warning flame and showed their weapons. One skiff slowed but the other continued to approach within 200 meters from the tanker. Two more warning shots were fired by the armed security team; however, the skiff continued to approach the vessel. The armed team fired additional shots across the lead skiff's bow; the suspected pirates aborted the mission and moved away. The crew and vessel are safe. (IMB)

**2. (U) INDIAN OCEAN:** On the evening of 5 January, a merchant ship reported being attacked by pirates in an area off the coast of Somalia. Upon hearing the distress call, NATO warships were sent to investigate, operating as part of NATO's Operation Ocean Shield. One vessel launched a helicopter to begin the investigation, which located one suspected pirate skiff which was towing another skiff. On 6 January, another NATO ship arrived on scene and launched a boarding party in small boats which succeeded in stopping the skiffs. Twelve suspected pirates and two skiffs were seized. All the suspects are being held onboard the NATO vessel for evidence collection. (EUNAVFOR Press Release, 8 January 2013)
